PERMIT # PR0080142	FACILITY DESCRIPTION FF 2001-5999 SQFT Unpack	EXPIRATION DATE 11/30/2025	DISTRICT 13	SERVICE Inspection/No Score	REINSPECTION DATE 11/19/2025

General Comments:

This re-inspection was conducted at the facility's request due to the impound of the cold top unit during routine inspection on 11/5/2025. At start of reinspection, unit measured 37F in the bottom left cabinet, however, once the covers were removed and other areas of the refrigerator were checked, the unit was measured to be holding between 50-53F. Unit is not consistently capable of holding under 41F and this poses a risk with proper holding temperatures of potentially hazardous foods. Repair and/ or replace unit so unit is working properly and holding 41F and below in all areas (covered and uncovered). IMPOUND tag to remain on unit, not approved for use. A reinspection is set in 1 week (11/19/2025). Ensure unit is working properly by reinspection as failure to do so can result in a charged inspection at the hourly rate of \$199/ hour.
