**General Comments:**

This reinspection was conducted at facility's request due to the impounded cold top unit during routine inspection on 11/5/2025. At this time, unit has been verified to be holding at 35F at both top and bottom in all areas. IMPOUND tag removed, unit approved for use. Ensure to regularly monitor unit and ensure it is holding potentially hazardous foods at internal temperatures under 41F at all times. Take proper measures (i.e. removing food, repairing cooler, etc) if unit is not capable of holding foods at an internal temperature of 41F and below.

Contact Leslie Aranda at LAranda@rivco.org or 951-766-2824 if you have any questions.

**Observations:**

**21. Hot and cold water available**

**Status:** NOTE

**Type:** Violation

**Inspector Comments:** During reinspection, inspector observed that it took several minutes for the front handwashing sink to get warm and reach 100F. Adjust the handsink as needed in an approved manner so warm water minimum 100F is provided in timely manner to prevent handwashing violations. Handwashing sinks must provide warm water of at least 100°F.

**Violation Code** - An adequate, protected, pressurized, potable supply of hot water and cold water shall be provided at all times. Hot water of at least 120°F must be provided for facilities with unpackaged food. Handwashing facilities shall be equipped to provide warm water for at least 15 seconds.
