General Comments:

This visit was conducted (with D. Spencer) to verify that this unpackaged food facility was closed due to the Teir I boil water notice reported to this facility by the Southern CA Water Boards.

During this inspection employees were asked what was made this date. The following items were prepared this morning:

- 1) Diced cilantro and red onion
- 2) Avocados
- 3) pico de gallo
- 4) cooked beans (~3 gallons)
- 5) marinara sauce (~1 gallon)
- 6) shredded meat in consomme (~2 lbs.)
- 7) salsa (red; ~4 gallons)

These items were voluntarily discarded.

--All food items prepared or opened from 5.23.2026 until today 5.26.26, must be discarded.

During a Boil Water Notice, no open food preparation is permitted until notification from the Water Board that the Boil Water Notice has been lifted.

If food preparation occurs before the Boil Water Notice is lifted, further enforcement action may occur (administrative hearing, citations, etc.)

Closure sign was posted on the front entry door. Do not remove this sign until notified by this department.
